

STRATEGIC GROWTH CREDIT & VENTURE DEBT SOLUTIONS

Structural Capital partners with growth-focused technology and technology-enabled companies for their capital needs. We provide tailored credit solutions to help management teams solve for scale, profitability, runway, working capital, or acquisition in a non-dilutive fashion. Structural Capital offers a unique and differentiated approach compared to other lenders and seeks to create long-term financing partnerships with its portfolio companies.

 The Structural Capital team collectively has over 80 years of relevant experience investing in direct loans and equity transactions

 Founded in 2014 and based in Menlo Park, Structural Capital has completed 100+ transactions and invested \$970+ million of capital
